RE: 2010 Water Use Forms for Water Right Certificate No. S4-00196(A)

Dear Sir:

Enclosed are the two 2010 water use forms for the referenced water right. The two meters involved are:

Hersey #05514676 (Irrigation)

Hersey #05104217 (Domestic and Irrigation)

The Department of Ecology in their letter of February 12, 2010 encouraged us to consider the Trust Water Right Program if we anticipated a period of non-use of our water right. On April 13, 2010 we submitted a Water Trust Application to temporarily place in trust a portion of our water until we could complete a project started in 2006 to place all of our water delivery and sprinkler systems on our 3&1/2 acres underground.

We have yet to hear from you regarding our last April application. We still have approximately 40 to 50 percent of the property to again be covered with the underground system and would hope to defer the considerable expense for a few years.

Sincerely,

  
A. Donald Jamtaas

**PROVISIONS**

All conditions and requirements contained in reports of examination or permits previously issued apply to this certificate unless specifically noted below.

A suitable measuring device approved by the Department of Ecology shall be installed and maintained in accordance with WAC 173-173.

Chapter 173-173 WAC describes the requirements for data accuracy, device installation and operation, and information reporting. It also allows a water user to petition Ecology for modifications to some of the requirements.

An approved measuring device shall be installed and maintained for each of the sources identified by this water right in accordance with the rule "Requirements for Measuring and Reporting Water Use", chapter 173-173 WAC.

Water use data shall be recorded bi-weekly. The maximum rate of diversion/withdrawal and the annual total volume shall be submitted to Ecology by January 31st of each calendar year.

The following information shall be included with each submittal of water use data: owner, contact name if different, mailing address, daytime phone number, WRIA, Certificate, source name, annual quantity used including units of measurement, maximum rate of diversion including units of measurement, open channel flow or pressurized diversion and, period of use. In the future, Ecology may require additional parameters to be reported or more frequent reporting. Ecology prefers web based data entry, but does accept hard copies. Ecology will provide forms and electronic data entry information. <http://www.ecy.wa.gov/pubs/ecy070170.pdf>

Department of Ecology personnel, upon presentation of proper credentials, shall have access at reasonable times, to the records of water use that are kept to meet the above provisions, and to inspect at reasonable times any measuring device used to meet the above provisions.

The intake shall be screened at all times in accordance with Department of Fish and Wildlife screening criteria. <http://www.wdfw.wa.gov/reg/regions.htm>

This authorization to make use of public water of the State is subject to senior existing rights.

*The right to use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, except as provided in RCW 90.03.380, 90.03.390, and 90.44.100.*

This certificate of water right is specifically subject to relinquishment for non-use of water as provided in RCW 90.14.

Given under my hand and the seal of this office at Yakima, Washington, this 3rd day of January 2007.

Jay J. Manning, Director  
Department of Ecology
